

Safety Committee Meetings

New Rule: Safety Committee Meetings are required monthly

Looking for a simple solution for easy compliance with this OSHA rule, regarding mandatory monthly OSHA Safety Committee meetings?

Page | 1

Well Here It IS!

Mastermind Groups for the Safety Committee Team

Dr. Chery F. Kendrick has started a new Mastermind Group *SPECIFICALLY* for Safety Committee Teams!

How It works:

- **Meet monthly, 30 minutes (if we need to go longer we can)**
- **Zoom Online Meeting Format**
- **Meet with peers to brainstorm**
- **One price for the clinic for the year**

Safety Teams from all over the country, all in veterinary medicine, meet as a group, then each team go into their private breakout rooms for their site-specific meetings, then return *Back* to the group setting, to troubleshoot and brainstorm on the challenges you face.

One Price Clinic Pricing: One price, for the clinic, allows all of your team members to attend every month, or if only some can, then they attend, or if you change team members, No Problem! You are covered with the meetings, the forms and assistance to make sure you comply with the OSHA requirements for monthly safety committee meetings.

Safety Committee Meetings

Paperwork Compliance: Dr. Kendrick also supplies the group with any updates right in the meeting, so you benefit from that timely inside information!

Annual Membership for your clinic:

Only \$660/clinic/year!

- **Just One Price for your entire team**
- **Monthly meetings for 30-45 minutes**
- **Hot Seats monthly for deep dives into real life issues affecting clinics**
- **Bring back useful solutions to increase the profitability of your clinic**
- **Rotate your team members as you need**
- **OSHA Compliant Documentation provided**

New Group begins Wednesday, May 2, 2018, 10 am EST
